

# Teachers Experience March Madness!!

Kindergarten through 6th grade teachers have been invited to participate in a PE class during the month of March! Students will be practicing their “Mad” basketball skills all month and teachers are joining in! The teachers have been sharing what they remember most about PE classes during their elementary years, and their secrets to staying fit as adults. SCA is proud of its teachers for their participation, and a special thanks to Mrs. Laura Hamlet, 4th grade teacher, for sharing these pictures of herself in action!
