

# The Warrior Witness

Exclusive information about the  
SCA Family!

Mrs. Susan Noland (SCA 3rd grade teacher), Greyson Meetze (2nd grader), and their families were part of a mission trip team that traveled to Colorado over Spring Break. Greyson and Mrs. Noland are pictured top left at their "We Pay You" car wash. The 23-member team from First North washed cars for free while telling people about First North's church plant, Church 180, there in Montrose, CO. The team paid participants \$1.00 for having their car washed! The team also went door-to-door handing out Bibles and information about Church 180 which had its first public service on Easter evening. Mrs. Noland and the team also built raised gardens for a low-income school. The fruits and vegetables grown there will be used to feed children who need the extra nourishment when they are away from school on the weekends. The team also served in a homeless shelter and crisis pregnancy center. Wow, what a busy week and what an impact for Christ Mrs. Noland, Greyson, and the team made!
